## PROFESSIONAL SUMMARY

---

I'm a Software Engineering undergraduate currently pursuing a BEng (Hons) in Software Engineering at the London Metropolitan University (UK). I'm actively looking for IT-related internship opportunities to gain hands-on experience and work toward becoming a respected IT professional in the future.

## EDUCATION

---

- **BEng (Hons) in Software Engineering**  
London Metropolitan University, United Kingdom | 2024-2025
- **Pearson BTEC Level 5 HND in Computing (Software Engineering)**  
Esoft Metro Campus | 2022-2024
- **Assured Diploma in Multimedia Design and Development**  
Esoft Metro Campus | 2022-2023

## TECHNICAL SKILLS

---

- **Programming Languages:** C#, JavaScript, HTML5, CSS3, Java, Python, PHP
- **Frameworks & Libraries:** ASP.NET Core (MVC & Razor Pages), Laravel, Bootstrap, Node.js, React, Tailwind CSS
- **Databases:** MySQL, SQL Server
- **Tools:** Visual Studio, VS Code, XAMPP, Git, GitHub, Figma
- **UI/UX:** Wireframing, Prototyping, User Research, Responsive Design
- **Graphic Design:** Photoshop, Illustrator, Premiere Pro, InDesign

## PROJECT EXPERIENCE

---

- **BookHaven - Bookstore Management System**  
Developed a C# and MySQL-based desktop application to manage book inventory, sales, and customer records.
- **Supermarket Management System**  
Created a C# and MySQL system with Power BI dashboards to handle stock, billing, and sales analytics.
- **DreamDay – Wedding Planner Web Application**  
Built an ASP.NET Core Razor Pages app for managing venues, vendors, guest lists, and wedding planning tasks.
- **GasByGas - Online Gas Distribution System**  
Developed a Laravel and MySQL-based web system for gas order placement, delivery tracking, and admin management.
- **EVC – e-Video Cloud Online Platform**  
Designed the UI/UX for a conceptual cloud-based video streaming platform using Figma. Delivered intuitive interfaces, an EPN Dashboard, and interactive prototypes through user-centered design and iterative refinement.
- **Auto Cars – Taxi Reservation System**  
Designed intuitive web and mobile interfaces for a Sri Lankan taxi reservation system using Figma. Focused on seamless booking flows and operator-assisted reservations with user-friendly wireframes and prototypes.

## CERTIFICATIONS

---

- **Python For Beginners** - University of Moratuwa
- **The Fundamentals of Digital Marketing** - Google
- **Information Technology (Level 1 & 2)** - Soral Computer Education Centre
- **English** - Ceylon English Training College
